

NOZZcam™ 3D

TURN - CLEAN - INSPECT - RECORD

NOZZcam™ 3D

technical characteristics:

item number: 3330

- storage capability: SD-card

- junction: 1/4" - 3/8" - 1/2"

- power density: from 20 l/min
independent upon pump

- weight: 7,5 kg

- Length of hose: 60 m

- display: 8" TFT-monitor

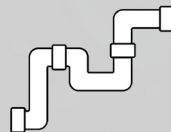

- power supply: 230 Volt 50 Hz
12 V-mode

- accumulator: 2,5 h running time

- menu navigation: touch-display

- pipe bend mobility: NW 125-87°

measures:

height: 400mm

width: 330mm

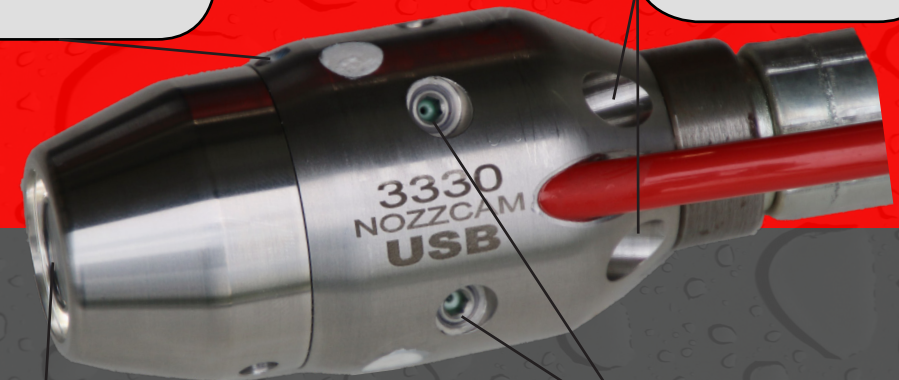

depth: 320mm

bendable nozzle with camera-unit

- optical controll-function while cleaning the pipes
- independent entering of the sewer by integrated high pressure nozzle
- easy handling by turning into junction of sewer
- independent upon pump

- 2 forward-nozzles

- 5 backward-nozzles

- HD-camera

- 2 direction-nozzles

NOZZcam™ 3D

high pressure cleaning-nozzle with camera
